

Gingerbread Bird House 27th and 28th November 2018

A painted gingerbread bird house.

A sweet gingerbread bird house design perfect for Christmas.

This two day course will involve a demonstration of gingerbread baking. You will then construct and cover your own bird house and then learn how to paint four different ditsy designs. The class will teach the basics of how to paint on fondant, how to water down the paint, which brushes to use and the process of applying the paint to the cake. How to lay out a design, and how to correct mistakes. Also what reference to use and how to transpose your chosen image into a painted design. I will be sharing lots of painting tips and techniques that will help give movement and depth to the design.

Everything will be provided for you except for an apron, please bring your own if you would like one, but it's not essential. Some previous students have mentioned that they would find a tilting turntable helpful so feel free to bring your own but it is also not essential.
